

# HOUSE MONEY

---

## HOUSE MONEY

House Money is an optional side bet for blackjack. The object is to get one of the following two-card starting hands:

**Ace-King Suited**

**Straight Flush**

**Pair**

**Straight**

If you start with one of these hands, you may take down your winnings or you may add them to your standard blackjack wager, letting you play with... House Money!

## GETTING STARTED

You must make a standard blackjack wager. You may also make the House Money wager for any amount within the posted limits. You will then get your first two cards.

## HOW TO WIN

The House Money bet wins if your first two cards are:

Ace-King Suited            **9 to 1**

Straight Flush            **4 to 1**

Pair            **3 to 1**

Straight            **1 to 1**

## RISK AND REWARD

If your House Money bet wins, you may collect the proceeds (winnings and original bet) or you may add them to your standard blackjack wager.

Note: Do not touch the chips while they are in action. The dealer will move them for you. The only time you don't have the choice is if the dealer has blackjack. Then you must collect the proceeds.
